RO DEALS ENTERPRISES

About Us:

We at the **RO DEALS ENTERPRISES** led by a multi-disciplinary team of highly qualified experienced and dedicated engineers and technocrats. Within a short span since its inception in 2015, the Company has made rapid progress and, as on date, is amongst the **leading water and wastewater management related companies in Bangalore. The company aims to be a leading market player in integrated water resources management at the South India level within 5 years.**

We provide **single window** service to all issues related to integrated water resources management. The team with its knowledge base and experience blended with the innovative approach and practical insight, has been able to provide highly techno- economically viable solutions which are cost effective. The company operates on the principle of "NO COMPROMISE" either the **product quality** or the **service**.

The Division is self-reliant in terms of infrastructure and finances to achieve the planned growth and targets for the coming 5 years.

The growth, reliability and strength of the division are evident from its reputed clientele. As on date, we have several satisfied clients in various Public and Private sector enterprises. Many clients have registered their faith and appreciation by placing repeat orders on us.

Our Core Concentration remains, Delivering Water Treatment Solutions with Economic Viability.

We have been collaborating with M-FIVE WATER AND ENVIRONMENTAL SOLUTIONS.
